**FOR IMMEDIATE RELEASE**

## **ImageSoft, Inc., Again Named to Inc. 5000 List of America's Fastest-Growing Privately Held Companies**

*SOUTHFIELD, Mich. August 17, 2009* — ImageSoft, Inc., a leading provider of innovative technology solutions to automate, streamline and improve workplace processes, announced today that, for the second consecutive year, it has been named to the Inc. 5000 list. ImageSoft ([www.imagesoftinc.com](http://www.imagesoftinc.com)) was first named to the list in 2008.

Now in its third year, the Inc. 5000 list is the most comprehensive portrait of the nation's fastest-growing privately held companies. Qualifying companies must be independent, U.S.-based businesses and were selected based on the percentage in revenue growth from 2005-2008.

"We couldn't be more delighted and honored to have again made this prestigious list," said ImageSoft, Inc. President Scott Bade. "Our continued growth speaks to the tenacity of our team to persevere, even in the toughest of economic times, but also serves as a strong testament to the value of the solutions we provide to help government, healthcare and business increase productivity, reduce operating costs and save time and money. As cutbacks and downsizing continue nationwide, we anticipate additional growth as a greater number of businesses seek proven tactics to accomplish more with less."

### **About ImageSoft Inc.**
